PROFESSIONAL SUMMARY

Final-year Computer Science undergraduate. Designed and implemented AI-powered, full-stack applications using React, Node.js, Python, and SQL/MongoDB. Expertise includes Machine Learning, REST API design, and modern AI tooling (LLM prompt engineering, multi-agent orchestration, Retrieval-Augmented Generation). Delivered scalable, production-ready solutions through hackathons and freelance projects.

TECHNICAL SKILLS

Programming Languages: JavaScript, Java, Python, SQL
AI / Machine Learning: Prompt Engineering, Multi-Agent Orchestration, Groq LLaMA 3.3 70B, Mistral, Retrieval-Augmented Generation (RAG), Tavily Search API, scikit-learn, Computer Vision (OpenCV)
Frontend Development: React.js, Next.js, Tailwind CSS, HTML5, CSS3, Vite
Backend Development: Node.js, Express.js, FastAPI, Flask, REST API Design
Databases: MongoDB, MySQL, Firebase
DevOps & Cloud: Docker, GitHub Actions, CI/CD
Tools & Version Control: Git, GitHub, VS Code, Postman, Netlify, EmailJS

EXPERIENCE

Full-Stack & AI Developer — Career Recruit AI

Freelance Project | July 2026 | React, Node.js/Express, MongoDB, FastAPI, scikit-learn

- Built a full-stack, three-portal AI-driven campus placement platform (Student, Admin, Alumni) with JWT-based role authentication, serving 200+ students.
- Engineered a Python FastAPI microservice for placement-probability prediction (scikit-learn), automated resume parsing (spaCy), and skill-gap analysis, reducing manual screening time by 40%.
- Delivered automated shortlisting, notification workflows, a TF-IDF FAQ chatbot, and analytics dashboards (Recharts) with CSV/PDF export; containerized services with Docker and set up CI/CD via GitHub Actions.

Silent Emergency Communication System

Freelance Project | April 2026 | Python, FastAPI, React, OpenCV, Machine Learning

- Built an AI-powered emergency communication platform using ML-based hand gesture recognition and OpenCV, achieving 95% real-time SOS and fall-detection accuracy.
- Engineered a scalable FastAPI backend that triggers SMS, email, and dashboard alerts to emergency contacts in under 3 seconds.
- Developed a responsive React dashboard for live camera monitoring and optimized the ML inference pipeline, reducing detection latency by 30%.

PROJECTS

ALLYVEX – AI Sales Intelligence Engine

24-Hour Hackathon | November 2025 | Python, FastAPI, React, Groq LLaMA, Mistral, SSE

- Architected a multi-agent debate system (Bull, Bear, Detective, Orchestrator) using Groq LLaMA 3.3 70B and Mistral to generate sales verdicts with confidence scores, cutting manual research time by 70%.
- Implemented real-time SSE streaming and scale-adaptive evaluation logic, plus automated outreach email generation, reducing response latency by 40%.

ProjectLens AI – Requirement-to-Code Traceability & Project Analysis Platform

Personal Project | 2026 | React, Node.js, Express, FastAPI, MongoDB, RAG, Gemini AI

- Developed and deployed a RAG-powered platform that automatically extracts software requirements from SRS documents and verifies their implementation against real GitHub repositories using evidence-based analysis.
- Engineered intelligent document/code retrieval with chunking, semantic search, secret redaction, and requirement-level evidence analysis to classify features as Implemented, Partial, Missing, or Not Verifiable.
- Built project health scoring, traceability matrix, AI Copilot, GitHub repository analysis, PDF report generation, and project-based payment/credit management for end-to-end project tracking.
- Deployed the production application with a React/Vite frontend on Vercel and Node.js backend on Render, integrating MongoDB and Gemini AI.

CERTIFICATIONS

Intro to Industry 4.0 & Industrial IoT (Elite)
NPTEL / IIT Kharagpur | 82% (4 SWAYAM Credits) | Jan–Apr 2026

Project Management 101
Simplilearn SkillUp | Verified Certificate #10122392 | Apr 2026

EDUCATION

B.E. in Computer Science and Engineering
St Joseph Engineering College, Mangaluru | CGPA: 8.53 / 10 | 2023–2027

Pre-University (Science)
Vivekananda PU College, Puttur | 91.5% | 2021–2023

SSLC
Priyadarshini English Medium School, Bettampady | 91.2% | 2011–2021

Open to internships, full-time roles, and hackathon collaborations. Certificates available on request.
